

PwC's Higher Education Conference 2026

31 August – 1 September 2026
Cape Town International Convention Centre

Exhibition opportunity

Since 1993, PwC has hosted an annual Higher Education Conference where strategic and technical role players in the sector share thoughts and debate matters of importance to the education industry. Vice-chancellors, faculty members, teachers, representatives of the Department of Higher Education and Training, international education experts and various other stakeholders have participated in the conference over the past 3 decades. This remains a valuable forum for all education institutions and we view it as an important part of our ongoing investment in the sector.

The PwC Annual Higher Education Conference is a one-and-a-half-day event and is open to all educational institutions to attend, as well as other guests and affiliates from the education sector. The majority of our delegates are currently from the higher education sector. You are invited to share information about your products and services to attendees by participating in the exhibition section in the conference foyer. Details and opportunities available are shown below:
